

CSHCS INFO #25-2013 (2) - Family Center Director Position

Thu 11/7/2013 12:02 PM

Colleagues,

Please be advised that due to some issues with the SEMHA website, the closing date for the Family Center Director position has been extended until November 24, 2013. The posting remains open for this position. I have again attached the position description and job posting. Note that the attached version of the position description includes an overview of the Family Center. The position description shared last month did not include the Family Center overview; but the rest of the information in the position description is identical to the description shared last month.

It is a requirement that the Director of the Family Center be a past or present parent, guardian, or sibling caregiver of a child with special health care needs. In addition, candidates need to respond to the two questions which are included in the job posting (also attached.)

I would appreciate if you could send a reminder about this job posting to the relevant groups, listservs, etc., that you shared this posting with previously. Please let me know if you have comments or questions.

Thanks!
